Jinwoo Jung

M.S. student, Hanyang University | ASML Lab, advised by Prof. Joon-Hyuk Chang

jinwoo0302@hanyang.ac.kr | +82 10 4031 7688 | Seoul, Republic of Korea | Google Scholar | GitHub | Homepage

Research Interests

Diffusion and flow-based generative models: controllable generation and editing, and training-free inference efficiency — applying only the edit a user requests while leaving the rest unchanged, and allocating sampling compute only where it is needed.

Education

Hanyang University, Seoul, Republic of Korea — Mar 2025 – Feb 2027 (expected)
M.S. in Artificial Intelligence Semiconductor Engineering

- Advisor: Prof. Joon-Hyuk Chang (Acoustic, Speech Signal Processing and Machine Learning Lab).

Konkuk University, Seoul, Republic of Korea — Mar 2019 – Feb 2025
B.S. in Computer Science and Engineering

- GPA 3.88/4.50 (major 3.97/4.50). Exchange student, ZHAW, Switzerland, Sep 2022 – Jan 2023.

Publications

* denotes equal contribution.

SARA: Step-Adaptive Rank Adjustment for Diffusion Inference Acceleration — NeurIPS 2026
Dong Hoon Lim*, **Jinwoo Jung***, Won-Gook Choi, Joon-Hyuk Chang

Edit the Moment, Keep the Rest: Time-Localized Audio Editing via Instruction — INTERSPEECH 2026
Jinwoo Jung, Gihun Son, Won-Gook Choi, Joon-Hyuk Chang [demo]

Branch-wise Complementary Attention for Acoustic Scene Classification — INTERSPEECH 2026
Seung-Gyu Han*, **Jinwoo Jung***, Pil Moo Byun, Won-Gook Choi, Joon-Hyuk Chang

Machine Learning Algorithm-Based Prediction Models for Adolescent Suicide Attempt — IEEE ICCE 2025
Jinwoo Jung, Seulmi Kang, Myeonghwan Go, Sieon Lee, Seokheon Cho

Manuscripts Under Review

Venue names are omitted while review is in progress.

ENCORE: Training-Free Few-Step Diffusion Sampling with Terminal Moment Matching — under review, 2026
Jinwoo Jung, Dong Hoon Lim, Joon-Hyuk Chang†, Defang Chen (†corresponding author)

TRACE: Spatial Audio Editing — in preparation
Jinwoo Jung et al.

Presentations

Edit the Moment, Keep the Rest: Time-Localized Audio Editing via Instruction — INTERSPEECH 2026, Sydney, Australia (presenting author) — Sep 2026

Branch-wise Complementary Attention for Acoustic Scene Classification — INTERSPEECH 2026, Sydney, Australia — Sep 2026

Patents

Electronic Device for Acoustic Scene Classification and Its Operating Method Korea; examination requested — filed Oct 2026

Inference Acceleration via Step-Adaptive Low-Rank Adjustment of Diffusion Models (SARA) — in preparation

Interval Conditioning and Source-Event Masking for Instruction-Based, Time-Localized Audio Editing (EMKR) — in preparation

Research Experience

Graduate Researcher, ASML Lab, Hanyang University — Mar 2025 – present

- Instruction-guided, time-localized audio editing (INTERSPEECH 2026, first author): task formulation, evaluation design, system and public demo.
- Training-free diffusion acceleration (NeurIPS 2026, co-first author): SVD rank as a step- and block-adaptive control variable.
- Ongoing collaboration with Defang Chen (postdoc, UC Berkeley) on training-free few-step sampling.

Research Intern, Qualcomm Institute, UC San Diego, La Jolla, USA — Jan 2024 – Feb 2024

- Team lead on the AI Development Project.

Industry research projects, Hanyang University 2025 – present

- AI Model Compression and Acceleration, with Samsung Electronics, Device Solutions (Jan 2026 – present).
- Sound-Tracking AI Agent via Connected Devices, with LG Electronics (Jun 2025 – Sep 2025).

Awards

1st Place, IC-PBL+ Research Showcase, Hanyang University Jun 2026
Outstanding Achievement Award, Qualcomm Institute, UC San Diego Feb 2024

Skills and Languages

Programming Python, PyTorch, librosa, torchaudio | **Languages** Korean (native), English (TOEFL iBT 100)
